Enhanced driver's license applications now offered locally

(Submitted by the Michigan Department of State)

Secretary of State Terri Lynn Land has expanded the availability of enhanced driver's license and state ID card applications.

Customers can now apply in both the Muskegon and Grand Haven Secretary of State offices.

Enhanced licenses and ID cards let people re-enter the United States from Canada, Mexico and the Caribbean at land or sea crossings in compliance with new federal regulations.

Applicants must be a U.S. citizen and a Michigan resident. They also must have a driving record that does not prevent them from legally operating a motor vehicle. Customers receive their new enhanced cards in the mail within two or three weeks.

To apply, a person must present documentation of:

- A valid Social Security number
- U. S. citizenship (original or certified birth certificate)
- Identity (current ID or driver's license)
- Residency (current license or ID card)

An applicant's full name and date of birth should match on identity and citizenship documents. If an applicant's legal name is different from that shown on his or her citizenship document, he or she must present proof of the name change, such as an original marriage license, divorce decree, or court order.

The enhanced license costs $45 and the ID card is available for $30. Residents who are blind, or age 65 or older pay a reduced fee of $20 for the ID card.

For more information, visit www.Michigan.gov/sos.•
