Travis has excelled in his public safety course at the Muskegon Area Career Tech Center. He enjoys most sports and has played on football, basketball, volleyball and soccer teams over the past several years.

Ann Lynn Tabor will be attending Moody Bible Institute in Spokane, Washington for her freshman year of college. The daughter of Tim and Kathy Tabor will finish her college career at Moody Bible Institute in Chicago, Illinois. Throughout high school, she has been busy with her studies while working at her family's stores, coaching soccer, working with dramatic productions (most recently, *Les Miserables*), participating in church activities, and taking several missions trips, including one to Thailand.

Allyson Renee Rose, daughter of Mark and Rachel Rose, plans to attend Aveda Institute of Cosmetology followed by Cornerstone University to pursue a degree in business administration or counseling. She has been involved in drama as lead actress in several plays and musicals, and as hair stylist and make-up artist. She would love to continue in those areas at Cornerstone.

Kathryn Diana Kramer is the daughter of Jim and Paula Kramer. She plans to attend Cedarville University in Cedarville, Ohio, where she will pursue a degree in graphic design. During her high school years, Kathryn has been involved in the music worship team at her church and has gone on several missions trips, including a medical missions trip to Thailand. Working part time at Carpenter Insurance Agency, and being dually enrolled at Muskegon Community College has kept her busy. Her passion, though, is worship to the Creator through music. She has had opportunities in various venues to fulfill this passion. Once Kathryn begins her profession in graphic design, she will continue to use her passion for music. In everything that she does, Kathryn's goal is to bring glory to her Creator.

Samantha Murrell, daughter of Rob and Peggy Tuttle and Jeff and Tracy Murrell, plans on attending Grand Rapids Community College in the fall.

HAVING MORE RETIREMENT ACCOUNTS IS NOT THE SAME AS HAVING MORE MONEY.

When it comes to the number of retirement accounts you have, the saying "more is better" is not necessarily true. In fact, if you hold multiple accounts with various brokers, it can be difficult to keep track of your investments and to see if you're properly diversified.* At the very least, multiple accounts usually mean multiple fees.

Bringing your accounts to Edward Jones could help solve all that. Plus, one statement can make it easier to see if you're moving toward your goals.

*Diversification does not guarantee a profit or protect against loss.

To learn why consolidating your retirement accounts to Edward Jones makes sense, call your local financial advisor today.
