COUNTY COMMISSIONER DISTRICT 5 ★

BUILDING A STRONGER COMMUNITY

I am running to represent the 5th District on the Muskegon County Commission because for far too long I have seen our community get shortchanged by our elected leaders who make promises, but fail to deliver results. It's time that someone stands up for you, the taxpayer.

As your next County Commissioner, I will prioritize the necessary investment to revitalize our county's infrastructure, ensure local projects are done by our local workforce, and place a premium on the public safety of our community. You deserve nothing less.
