

In Honor of my Uncle's 99th Birthday

by Gary Malmquist, Muskegon, MI.

Roy Malmquist will celebrate his 99th birthday, Sat., April 10, 2021.

I don't have any stats on this, but I assume Roy is one of the oldest living Pattern Makers.

Roy is a retired (wood) Pattern Maker. He attended Quincy Trade School at the age of 15, in Quincy, Mass. His 2 brothers also attended Quincy Trade School. All three made Pattern Making a career.

Roy traveled the country working as a Pattern Maker. His very first pattern making job was in Cambridge, Mass. at Dicksons, making \$1.00 per hour. He worked in California, Arizona, Florida, and Michigan, to name a few states.

Roy was stationed stateside in the Navy in New Jersey. He used his skills during this time, also, serving his country working on military aircraft.

Roy made Fruitport, MI his home.

After retirement he made and sold Red Wood signs at art fairs through out the country. You will still see many of his signs to this day on homes, cottages and boats. He is a skilled craftsman and artisan.

Happy Birthday, Roy!

X-Cell Integrative Health

Changing the Face of Healthcare
submitted by Michelle Peterson

Fruitport, Michigan - Regenerative Medicine is the next biggest wave in health care that is presenting opportunities to help people regain function and improve the quality of their life without the use of drugs or surgery. . It is the science of using living cells such as Stem Cells to stimulate the body's own Repair Mechanism. Potentially regenerating or facilitating the repair of joints damaged by disease, Injury or aging.

Stem Cells are derived from human umbilical cord tissue of healthy birthed babies and their mothers, which is the safest and least-invasive method of extraction available. These cells are naturally anti- inflammatory, immune regulating and regenerative in nature.

X-Cell Integrative Health is located in an adjoining suite to Fruitport Chiropractic at 3427 Farr Road in Fruitport Michigan. Dr. Christopher Popp M.D. our Clinic Director and Chenoah Walsh FNP our Nurse Practitioner are excited to be of service by improving function making a difference in the life of others. Michelle Peterson is our Office Manager and the key to making sure the operations run smoothly and the patient has a wonderful experience.

The future of Stem Cell Therapy is here. It offers you a painless option from surgery which is safe and effective. You have a choice. Before, Surgery
