Fruitport Congregational Church Ramp Mission

by Ron Stroup

Several years ago, the members of Fruitport Congregational Church agreed to focus their mission giving on local needs. Donations increased dramatically, and resulting generosity was amazing. School supplies, shelter donations, individual needs...even a deck repair and wooden ramp were built in answer to local requests.

Early in 2021, a portable, aluminum ramp was donated to the church by a family no longer needing it. This motivated the congregation to

focus fully on purchasing and installing, free of charge, more portable aluminum ramps for persons of our community. Aluminum ramps are expensive to purchase (depending upon size it could cost an individual between 9K and 12K), and insurance rarely covers the cost. The church will install and leave the ramp onsite for as long as the individual needs it. When no longer needed, the church will remove it and use it in another location.

In order to qualify, a person must be unable to obtain a ramp through a government insurance (VA) or private insurance. The church has an application form to fill out and, if qualified, measurements are taken and a date is set for installation. Church members have been generous with time as well as money, in making this mission possible.

A total of 5 ramps were installed in 2021, and the congregation looks forward to another great year of community service!

If you know of anyone in this area in need of a ramp, or would like to make a donation, please call Fruitport Congregational Church (located on the corner of Park and Eighth) at 231-865-3551.
