"Blessed is the nation whose God is the LORD" (Psalm 33:12). President Trump has just launched the FIRST-EVER Anti-Christian Bias Task Force to OBLITERATE the hatred and persecution against Christians in America! After four years of the Biden Administration's relentless war on faith—targeting peaceful Christians, abusing them in their houses of worship, and even jailing pro-life believers for praying—the war on Christianity is OVER. Trump is fighting back. The Radical Left's attacks have been ruthless: pro-life Christians arrested and thrown into federal prison for praying the rosary outside abortion clinics, the FBI spying in Catholic churches, and the phrase "Merry Christmas" deemed taboo. From woke censorship to assaults on religious freedom, believers have been targeted for too long. But President Trump's Task Force is a game-changer, and we must stand with him to protect our faith.
